LANDSCAPING

CONSULTANCY

The design process goes through multiple interactive sessions, where ideas and considerations are discussed and shared, to guarantee a blueprint tailored to clients preferences. We offer full design packages from design concept, technical construction plans, project budgeting to project management and design build to ensure the integrity and quality of our work.

ABOUT US

Spaces & scapes is an interior / exterior / concept design firm, based in Rwanda, established since september 2014 and registred in 2015.

We serve our community in designing the most sustainable interior spaces and landscapes, hence our name 'Spaces & Scapes'.

We are a full service design company which means we do design, supervision and build.

We work hands in hands with clients of all sizes around the world from initial concept to installation to magazine-worthy finishing touches.

We are based in the heart of Kigali, Rwanda, the upscaled Kiyovu. And expanding to East & West Africa.
